

FOR IMMEDIATE RELEASE

BIBD CONTINUES COMMUNITY UPLIFTMENT EFFORTS THROUGH PROJECT TEDUH IN TEMBURONG DISTRICT

7 May 2026 - Bank Islam Brunei Darussalam Berhad (BIBD) today handed over two newly built homes under its Projek Teduh initiative, reaffirming the Bank's continued commitment towards strengthening community well-being and supporting vulnerable families through sustainable social upliftment efforts.

The handover ceremonies were held for recipients in Kampong Selangan and Kampong Negalang Ering, Temburong District. The houses were handed over to Dayang Armah binti Haji Munab of Kampong Selangan and Dayang Maimunah binti Abdullah of Kampong Negalang Ering by Yang Berhormat Dato Seri Setia Awang Haji Ahmaddin bin Haji Abdul Rahman, Minister of Home Affairs and Chairman of BIBD.

Also present at the handover ceremony were members of the Board of Director, BIBD's Managing Director and Chief Executive Officer, Awang Junaidi bin Haji Masri, members of the Bank's Shariah Advisory Body, members of BIBD management and staff, together with key stakeholders from government agencies and private sector organisations.

This initiative reflects BIBD's ongoing commitment to supporting national priorities through meaningful and sustainable Corporate Social Responsibility (CSR) programmes that are both purposeful and sustainable. By focusing on initiatives that improve the quality of life and enhance socio-economic resilience, BIBD ensures that its Corporate Social Responsibility efforts create lasting value for local communities while reinforcing the nation's broader development goals.

The construction works for the houses in Kampong Selangan and Kampong Negalang Ering commenced on 8 April 2026 and 10 April 2026 respectively. Their successful completion underscores the effectiveness of collaborative efforts between multiple

stakeholders working together towards a shared purpose of supporting communities in need.

The successful implementation of *Projek Teduh* continues to be made possible through the close collaboration of BIBD, government agencies, corporate partners, businesses, and volunteers, all united by a common vision of uplifting communities through collective action. This initiative reflects a Whole-of-Nation Approach, underscoring the importance of cooperation and shared responsibility in addressing social and welfare-related challenges.

Equally vital is the continued support of these stakeholders, whose commitment ensures that the impact of *Projek Teduh* is not only sustained but also expanded. With more projects on the horizon, this enduring partnership stands as a cornerstone for future initiatives, reinforcing the collective determination to strengthen community welfare, enhance socio-economic resilience, and build a more inclusive society.

Projek Teduh is fully funded through the contributions of BIBD's business zakat, underscoring the Bank's unwavering commitment to purposeful and value-driven giving. This initiative is further supported by contributions from BIBD employees, corporate organisations, and businesses that share the same aspirations of strengthening community welfare and advancing social development.

By anchoring *Projek Teduh* on Dana Zakat, the initiative embodies the essence of zakat as a pillar of compassion, equity, and sustainability. Its usage is amplified by channeling resources directly to vulnerable groups (*asnaf*), ensuring that assistance is not only immediate but also transformative. By aligning with the principles of zakat, the project reflects the spirit of collective responsibility and inclusivity, strengthening the social fabric of the nation.

These collective efforts continue to reinforce the values of compassion, volunteerism, and solidarity, while embodying the principles of *Maqasid Shariah* and BIBD's ethos of being *Bruneian at Heart*. Through *Projek Teduh*, BIBD and its partners remain steadfast in supporting His Majesty's Government's efforts to foster inclusive development and

sustainable community growth, ensuring that every initiative contributes meaningfully to the nation's long-term resilience and prosperity.
